

Gamuda Scholarship Award 2013

Inspired by the impressive property development projects of Gamuda Land? Gamuda Scholarship Award graduates have the opportunity to actively take part in the master planning and development of some of the most successful gated and guarded townships in the country, such as Kota Kemuning and Bandar Botanik.

“I WISH TO BUILD SOME OF THE WORLD’S MOST ICONIC PROJECTS”

What is your passion? Ever wished you could be one of the elite few who can create some of the world's most revered projects?

The Gamuda Scholarship Award, a crucial component of Gamuda's talent development programme, takes you not only to the tertiary education of your desire; it also takes you to an illustrious career of a lifetime.

We are in search of exceptional candidates who have achieved brilliant academic results, display exemplary values and character, leadership qualities, and, most importantly, possess the determination to succeed in their chosen disciplines.

Fields of study offered under this scholarship programme include Engineering (Civil, Mechanical, Electrical & Environment), Quantity Surveying, Housing, Building & Planning, Business Administration, Social Sciences and more.
