

INFORMATION

Great Eastern Supremacy Scholarship Award is one of the leading programmes in the insurance industry. Every year since 1998, we have been the platform to almost a hundred deserving, talented, young Malaysian to acquire their dreams. The total amount of scholarship offered by Great Eastern Life to date is over RM7.9 million to 117 recipients. They dared to dream, to be different, and took the lead in realizing those dreams. In addition to that, this is also our way of nurturing the best talents for our company's future leaders.

Here, we do not just provide great career opportunities for people; we also nurture, care and develop them from young - even before they begin their journey towards success.

Since 2012, we are changing the way we do things around here because ***We are no longer a life insurance company, we are a LIFE company.***

Our scholarship award is also changing. We want young, talented Malaysians who dream to be different to be part of our supremacy scholarship program.

***Message from Director & CEO,
Great Eastern Life Assurance Malaysia***

It was just a rock in the eyes of others, but Michelangelo saw an ancient hero, hence, he transformed the rock to the masterpiece of Renaissance sculpture - David. An undergraduate might be just an ordinary student in the eyes of many, but we see successful young talent who shines among the rest like stars in the sky. At Great Eastern, we believe by developing talents even before they flourish through our scholarship award programme - when the young talents grow, the company expands, the society intensifies, and the nation develops. I wish all applicants for the scholarship programme - Best of Luck and rest assured that this one courageous step you take will be your first step to an exciting, brighter future.

Thank You.

***Dato Koh Yaw Hui
Director & CEO,
Great Eastern Life Assurance Malaysia Berhad***
